LATEST UFOLOGY NEWS FROM ALL OVER THE WORLD!!!

IS SPACE TRAVEL ALREADY HERE ? ?

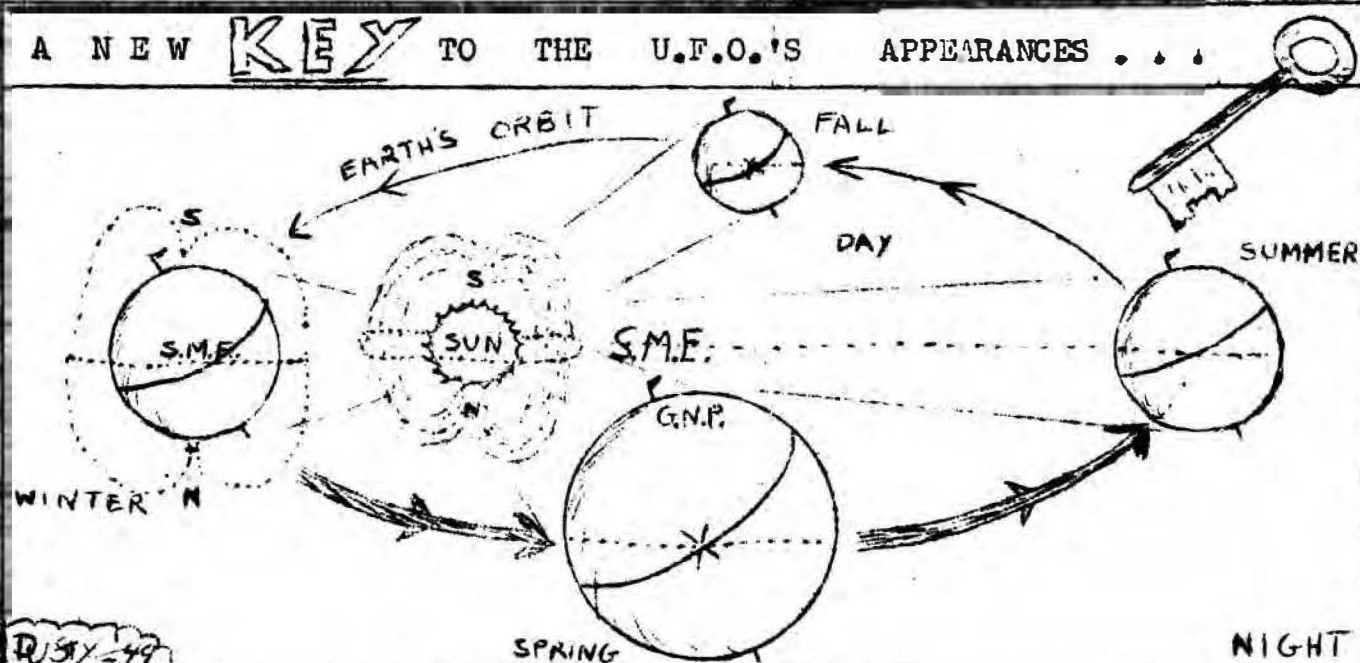

It was revealed Jan. 14th. that Rep. Karsten (D-No.) has introduced a bill to create a "Joint Committee on Extraterrestrial Exploration"! This Committee shall have the power to hold hearings, hire consultants and SUBPOENA WITNESSES AND DOCUMENTS... Nine members from the Senate and nine from the House will comprise the Congressional Committee!!!

On Jan. 10, President Eisenhower called for "Mutual Control of OUTERSpace Missiles and Satellites"... Now, anyone who's up on Science terms knows that the term "OUTERSpace" refers to an area beyond our present "Satellite, Space-Station, Moon" plans! Is this a misnomer on Ike's part, or IS he calling for control of OUTERSPACE MISSILES AND SATELLITES???

And on Jan. 26, NBC reported that a giant Rocket Test had ended in disaster in Florida. No details were given other than to say it was probably a Missile. It may well have been a 3-Stage Rocket! If so, WHAT WAS ITS' DESTINATION?? And maybe it was DESTROYED so it couldn't reach that destination... Remember the one that vanished, Dec. 5th.???

Several sources claim that Pilots have orders to shoot UFOs down so that we may study one. Ruppelt mentions such an incident, & Vermillion says it is imperative. After reading this Issue's "Pattern" article, you may conclude that our "Visitors" have "similar" orders!!!

A NEW **KEY** TO THE U.F.O.'S APPEARANCES . . .

(EXCLUSIVE In INFINITY)

This is not just a Theory- We have used this KEY successfully for several years! It's not as complicated as it looks and we are releasing it now so that all the other groups may try it, too. I have no sure way of discovering if the Government has stumbled on it yet, but if not, I'm sure they'll find it a great help in locating those expensive "Grid Cameras" in areas defined mathematically rather than by hit-or-miss...

Many years research has convinced me that the Sun has a powerful

(Over)

Magnetic-Field that "induces" a field in the Planets of its system! Near the surface of the Earth it becomes our weak, variable "Earth Magnetic Field". I've always believed that the UFOs travel via the magnetic fields throughout Space. If this is so, obviously they would travel on the Magnetic-Equator of such a field for maximum control of their craft. I shall call this Equator a Sun sets-up: The "S.M.E." (Sun's Magnetic-Equator). At different hours and Seasons this SME falls in certain specific areas. UFOs APPEAR IN THESE AREAS AT THESE TIMES!! It is therefore possible to chart and predict when and where to look for them! Old Readers who've wondered how our predictions could be so accurate can now see it wasn't Magic after all... "Elementary, Watson"...

Now here, in easy-to-follow form, is the KEY:

IN THE SUMMER MONTHS, THE SME FALLS ON THE 40° PARALLEL IN THE U.S. AND EUROPE, BY DAY...

IN THE SUMMER MONTHS, THE SME FALLS IN SOUTH AMERICA, SOUTH AFRICA AND AUSTRALIA, BY NIGHT...

IN THE WINTER MONTHS, THE SME FALLS IN SOUTH AMERICA, SOUTH AFRICA AND AUSTRALIA, BY DAY...

IN THE WINTER MONTHS, THE SME FALLS ON THE 40° PARALLEL IN THE U.S. AND EUROPE, BY NIGHT...

IN THE SPRING AND FALL MONTHS, THE SME FALLS BETWEEN THESE TWO POINTS, OVER A VERY WIDE, VARYING AREA; BEING DEFINITE ONLY AT THE EARTH-EQUATOR EXACTLY AT MIDDAY & EXACTLY AT MIDNIGHT (See Illustration)...

This is just a rough outline of the KEY here, and given proper scientific calculating it can be made accurate to the second! It might even explain the age-old mystery of bird-migration!!... hb

A "PATTERN" TO THE PLANE-CRASHES!!! (Exclusive By- Dave Vanwalter)

Last Issue, INFINITY broke the story that the Plane-Crashes are becoming alarmingly high, and we scooped the AP on it! AP-Member Newspapers had it on their front pages days after our Readers had seen it!

The Planes are still: coming down, exploding, or disappearing, etc..

Investigation of past disasters seems to indicate a "Pattern" to the crashes. Maybe you've noticed it, too. Take these examples:

The Elizabeth, N.J. Series: DC-6s forced to lose altitude!

The "Comets" Series: struck in midair by unknown force, no survivors!

The KLM, & F80-Jet Series: Motors and equipment failure. Survivors!

Then: EXPLOSIONS IN MIDAIR OF TOP MILITARY AIRCRAFT!!

The 'explanations' given for these crashes were ridiculous. Faulty tail sections blamed in the Elizabeth-Series, tho these same craft functioned elsewhere. Metal-fatigue blamed in the Comet-Disasters, tho Comets all were destroyed in one area. And coincidences blamed for others...

A "Pattern" is obvious if you keep an open-mind. First, Civilian aircraft forced to lose altitude, at one Airport (by a Ray, maybe). But, of course no one heeded. Then, more direct: Ramming Civilian aircraft in midair (either the UFO itself or possibly a Force-Ray). But this left no survivors to report back! So, They'll try neutralizing the engines and equipment (by magnetic-field probably) of Civilian AND Military craft. This caused aircraft to stall, but coast back to report what happened! They probably figured that would convince anybody, but it DIDN'T! So, WHAT TO DO NEXT?? Injure more Civilians? No-- BLAST the Military OUT OF THE SKY!! And that's exactly what's been HAPPENING at an alarming rate. Our BEST Military & Experimental Craft are BLOWN TO BITS or DISAPPEAR!!!

It appears that these crashes are deliberate WARNINGS for us to discontinue venturing into Space at this time! Maybe "THEY" wish to establish communication with us first! Maybe they sense a Nuclear-War here!!

My study of these crashes has put me in a strange position. I have always believed in a SUPREME AIR FORCE second-to-none on Earth! Haught is for this, too, and INFINITY has always championed the AF! I certainly do not think WE should stop flying if our enemies don't! It's another problem for the U.N., I guess! And remember, if these Creatures were completely hostile- there would be NO pattern- just mass-destruction! But, meanwhile, May God be with those fine fellows who fly OUR Aircraft!!!

**A SPECIAL OFFER LIMITED TO UFO ORGANIZATIONS &
PUBLICATIONS ONLY...**

I believe we serious UFO Organizations should cooperate more, don't you? There's no question but what we can help each other in a thousand ways. To start the ball rolling, I'm prepared to offer your group a FREE continuing subscription to our publication, INFINITY- in exchange for a free continuing subscription to your publication, if you publish one. Also, we'll give your publication free advertising space in INFINITY, in exchange for equal free advertising space in your publication. (I'd like to point out that we're currently getting 50¢ per copy for INFINITY, & \$20. a page for the advertising, so it's a good DEAL for you)...

This exchange plan has proved so advantageous to those I've already contacted, that I decided to mimic this offer to ALL the organizations. You can see that it leaves us all a few extra bucks to throw into research, at the same time doing away with the bother of reordering all the time...

Would YOU, too, be interested in this limited offer? Please reply by earliest possible mail (just a postal will do) and if you agree that this is the best darn offer yet, well, just enclose the 6x3½ size advertisement-copy you'd like printed in our next issue. (If this size isn't convenient, we can work something out) Then, our equal ad-copy will be sent to you for your publication. We'll run YOUR ad as LONG as you care to run ours. Fair enough?...

If your group has no publication, we can arrange to exchange subscriptions (or published-credit) for a supply of clippings. Complete details in every issue of INFINITY...

By forming a friendly network of serious UFO Researchers, there's no end to how we can assist each other:- Maybe one of us will want to verify a news item from another area, for instance. See? A good example of how cooperation would have helped in the past: Many groups were losing mail, each group thought IT was the ONLY one, untill months later we all learned that it was happening to ALL the organizations...

If things should tighten-up again, our network will be invaluable...

Keep up the good work, and drop us a line when
you can, Sincerely,

Haughton Barlow

SCRAPBOOK ADVENTURES Edited By: Dave Vanwalter!

I'm beginning to think the AF is right in not telling the People the Truth about UFOs! I don't think most People will except it! There are fantastic-aspects, even to experienced Researchers! Regardless, even tho most of us are unaware, it appears that the Interplanetary-War has begun! Examine the Areas most visited by UFOs: The East-Coast, South-East, Mid-west, N. & S. California, and the Great-Lakes Area! All have been hit with strange Disasters, except the Lakes (unless you count those tidal-waves), so I look for Disaster there!! Time will tell!... dv

THOUGHTS: *Mars MAY be all Tundra! The Canals? Well, similar geometric-patterns occur on our Tundra from the action of Ground-Frost! Read books on the Tundra and notice the similarity to Data on Mars! A FEW LETTERS TO THE EDITOR

Dear Mr. Barlow: I used to read your Newsletter before 1945, too, when it was called "The Planet"; wasn't it? Sincerely, Mr. R.O.

Answer: That's right, Mr. R.O., that was a long time ago, about 1941 I think, but it was a mess in those days so I try to forget it!...HB

Dear Sirs: Is it possible to order some back-issues of Infinity? -M.T.

Answer: We've no more back-issues left now except file-copies, plus a very few Christmas (#48) Issues. All the information in them will reappear however in the new Chronological-Column we're preparing! -HB

Dear Mr. Barlow: What happened to that Book you were writing? -Mr. N.B.

Answer: That's a good question. My Publisher & I had a disagreement about the Format. I want it to be a serious Textbook, while he thought it needed 'Sensationalizing' to make it sell! If I don't find another Publisher I intend to publish it myself someday! -HB

Dear Dave: Is Infinity's Houghton Barlow any relation to the late HB, the courageous, Florida Publisher? -Miss W. Wilks.

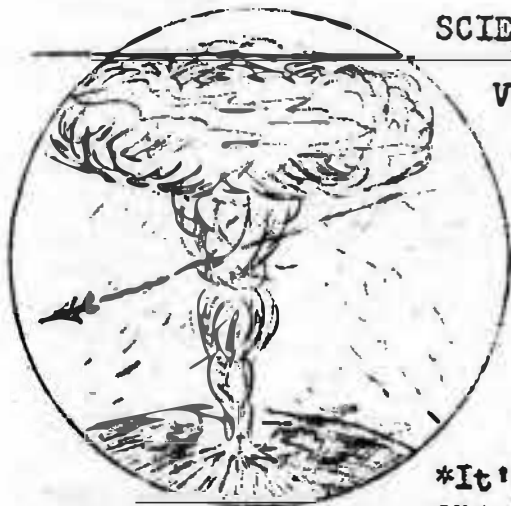

Answer: Yes, mam! That was his Dad, a fearless Crusader! -Dave.
